 **DERYA**®

# DY9

Introducing the **DY9**, a cutting-edge semi-automatic 9mm pistol that redefines firearm excellence. Its robust construction features a durable polymer frame and a steel slide with an innovative internal chassis for enhanced stability and longevity.

The 4140 alloy steel slide and barrel, treated for hardness and nitride coating, ensure a sleek appearance and exceptional resistance to wear and corrosion.

The DY9 offers a personalized touch with a customizable grip, accommodating hands of all sizes through interchangeable backstraps. Users can express their style with various color combinations, making the DY9 not just a tool but a statement piece that blends precision, accuracy, and aesthetics. A fiber optic 3-dot sight system enhances target acquisition, providing a reliable and straightforward aiming experience for both seasoned marksmen and novice shooters.

More than just a pistol, the DY9 is a trusted partner that delivers outstanding performance and innovation. From its sleek design to advanced features, every aspect is meticulously crafted to meet the needs of discerning firearm enthusiasts. Elevate your shooting experience with the DY9, where form meets function in perfect harmony.

# Melik

Experience the unmatched power of the Melik, a steel-crafted masterpiece designed to elevate your shooting experience.

With its substantial feel, the Melik immerses enthusiasts in a world of precision and style, offering striking color combinations for a personalized touch. Choose from a range of grip options, including wood, aluminium, polymer or pearl, ensuring a tailored sense of poise and purpose that enhances accuracy and control.

At the heart of the Melik's exceptional performance is its double-action semi-auto design, featuring an open-slide, short-recoil delayed locking-block system. This innovative mechanism delivers a faster cycle time, exceptional accuracy, and unmatched reliability, making the Melik a standout choice for those who demand excellence. The firearm's construction, with an 7075 aluminium frame and 4140 steel slide, strikes the perfect balance between strength and weight, ensuring durability without compromising performance.

In a world where precision meets style, the Melik redefines what's possible in handguns. Elevate your shooting experience with this exceptional firearm that seamlessly blends power, style, and precision. Whether you appreciate classic design or seek cutting-edge innovation, the Melik stands as a testament to the artistry and engineering that goes into crafting a truly exceptional pistol.
